

Recover lost dollars from HAC penalty

THRU REMI'S EQUIPMENT MAINTENANCE MANAGEMENT PROGRAM (EMMP)

Offset HAC penalty with EMMP

If you work in healthcare, then you are well-versed with the Hospital Acquired Conditions (HAC) Reduction Program administered by Centers for Medicare & Medicaid Services (CMS). In this infographic, we explore how an Equipment Maintenance Management Program (EMMP), like Remi's, can help uncover savings that can offset the penalties lost by your hospital.

HAC penalty equals

1%

loss in Medicare reimbursement

1 hospital bed equals

\$5,000

in equipment maintenance spend*

Savings up to

25%

with Remi's EMMP

50
Bed Hospital

\$60,000

On average, a 50 bed hospital lost \$60K in HAC penalties in 2019.

\$250,000

50 bed hospital spends roughly \$250K on equipment maintenance p/year.

\$60,000

With Remi's EMMP, a 50 bed hospital can recover up to 100% of HAC penalty.

250
Bed Hospital

\$350,000

On average, a 250 bed hospital lost \$350K in HAC penalties in 2019.

\$1,250,000

250 bed hospital spends roughly \$1.25M on equipment maintenance p/year.

\$310,000
